SEEDSMEN

Minneapolis,

Special list of field seeds etic

MARCH 31st, 1910

Minnesota.

TO DEALERS ONLY-Below we give to-day's jobbing quotations, which are subject to market fluctuations. Goods invoiced at lowest market prices on day of shipment. Terms, Net Cash subject to demand draft. Cartage charged on less than five bag lots. Sacks extra, at value. Should our prices appear higher than those of other houses, please send for samples and compare qualities. These prices are based on orders for unbroken packages. Where less than full bag quantities are ordered, a shade higher price is necessarily charged to partly pay extra labor.

When no grade is specified on orders we will ship our best grade.

SPECIAL NOTICE. Blue Rush Order Envelopes have the right of way

While Wholesale Orders are filled on the day of arrival whenever possible, it will facilitate quick shipment during the busy season if Merchants use our blue RUSH ORDER addressed envelopes. If your supply is exhausted ask for more when you need them.

Important Notice! Do You See That Bag?

It is our Trade Mark and means that the seeds sold under that brand are the BEST OBTAINABLE anywhere at any price.

OUR "STERLING BRAND" SEEDS ARE SOLD ONLY IN SEALED BAGS

GRASS AND CLOVER SEEDS. THE PLAIN TRUTH

About Grades.

The terms Fancy, Choice, Prime and Fair, by which different grades of Grass and Clover Seeds are usually known, have become so much abused by some dealers, who apply these terms indiscriminately to any quality of seed, that we, in 1897, established a grade of our own, called STERLING.

Northrup, King & Co.'s "STERLING" Grades we intend shall invariably represent the best seed obtainable, both as respects purity and high germination. Anyone who buys our STERLING grades may return them at our expense, if, upon receipt and examination, they are found in any respect unsatisfactory, and money paid for same, both for seed and freight, will be promptly refunded.

Fancy, the next best grade to STERLING, but not of quite the same purity. It frequently happens that the demand is greater than the supply of STERLING grades, as but a small proportion of the total seed gathered will make STERLING; we then recommend our Fancy grade to be the best on the market.

Choice means bright, clean seed of strong germination, but not considered by us sufficiently perfect in all particulars to go into our Fancy grade.

Prime is in the main good seed, but contains usually a more or less liberal percentage of sand, seed of other grasses or clovers, weed seeds, blighted seeds, etc. 'In other words it represents seed that has not been well cleaned. Fair, or low grade seed, means worthless seed, with which no self-respecting farmer ought to insult his land.

Northrup, King & Co.'s "Sterling" Brand Seeds.

Since we started this grade its quality has been unvaringly maintained, and it has achieved such a high reputation that unscrupulous dealers have taken advantage of that fact to palm off inferior and cheaper seeds as "STERLING." In order to protect ourselves, our customers and the good name of our "STERLING" Brand, on and after January 1st, 1902, every bag of grass or clover seed put out by us under the name of STERLING will be sold only in our sealed bags—every

package bearing our name, our trade mark, and sealed at the top with a leaden seal. None other is genuine. For the convenience of our customers we are putting up the STERLING Brand Grass and Clover Seeds in 2½ tushel, 1 bushel, ½ bushel and ¼ bushel bags. Each one scaled and branded. The extra cost of bags and labor must necessarily be charged for in addition to the market price of the seed. As we do not guarantee the contents of a bag, once the seal is broken, purchasers should always insist on getting our original packages. All quotations made by us on STERLING Brand seeds include bags free. For the protection of ourselves and our customers we have made application to the Patent office at Washington to have the above design, also the word STERLING, as applied to Seeds, registered as our TRADE MARK.
